Prayer Of The Horse

(To Thee, My Master, I Offer My Prayer)

Feed me, care for me, and when the day's work is done, provide me with shelter, a clean dry bed and a stall wide enough for me to lie down in comfort. Talk to me. Your voice often means as much as the reins. See that I have plenty of water; I need lots of it, especially during the hot summer days and, in the winter, see that I have a warm blanket.

Pet me sometimes, that I may learn to love you and that I may serve you more gladly. Do not jerk the reins and do not whip me.

Never strike, beat or kick me when I do not know what you want, but give me a chance to understand you. Watch me and if I fail to do your bidding, or am uneasy, nervous, or irritable, see if something is wrong with my bridle or saddle or my feet, etc.

When I go lame, I may have corns, a stone or a nail in my foot. If necessary, take me to a good blacksmith.

Examine my teeth when I do not eat. I may have an ulcerated tooth and that, you know, is very painful. If I am not doing well, give me something for worms, for they may be taking my strength.

Do not tie my head in an uncomfortable position or take away my best defense against flies and mosquitoes by cutting off my tail.

Brush and curry me at least once a day, so my hair will shine and be nice and glossy. I want you to be proud of me when you show me to your friends.

And finally, O my Master, when my youthful strength is gone, do not turn me out to starve or freeze. Keep me not out in the rain all night or sell me to some cruel owner to be slowly tortured and starved to death, but do thou, O my Master, take my life in the kindest way and your God will reward you here and hereafter.

You will not consider me irreverent, if I ask this in the name of Him, who was born in a stable. **Amen**

“I guess you could say horses have always been my passion, maybe weakness or disease may be a better description. They have kept me sane, for the most part, but that price does not come without a lot of heartache along the way.”

I know I could not accomplish everything [that it entails] without the help of my family, who by far is my greatest achievement.”

## TERMS & CONDITIONS

We urge buyers to examine the horses that interest them before the sale. To the best of our knowledge, horses are free of disease or defect, unless called at sale time. Terms of the sale are cash; NO EXCEPTIONS. (Personal checks are considered cash.) Drivers license or some other form of identification will be required for checks. Letter of credit may be requested. The sale personnel will withhold registration papers until checks clear the bank. If any buyer wishes to obtain registration papers immediately, the horse must be paid for in currency or certified check.

Any buyer who stops payment on a check will be prosecuted to the full extent of the law. Except as set forth in the last paragraph to soundness, any dispute which arises between a buyer and owner as to soundness, condition of any horse sold, or any printed catalog information or statements made from the auction block or any other matter, or connected with the sale or consigned horse, shall be settled strictly between buyer and owner.

The highest bidder is to be the buyer. If any dispute arises between or among two or more bidders, sole authority to settle the dispute as he deems fit is reserved by the auctioneer. His decision is final. The auctioneer reserves the right to reject any or all bids.

The auctioneer, announcer and employees act as agents only for the sellers, but assume no liability for either the buyer or seller. Every effort has been made to insure correctness in the catalog, and in most cases, information quoted concerning the horses is taken from official records. However, the auctioneer, announcer, and employees act as agents only for the sellers, but will not assume responsibility for error or omissions. Be certain to inspect any horse of interest to your satisfaction before you buy. Announced changes in catalog information on sale day take precedence over printed material in catalog.

There is no warranty, expressed or implied, as to the performing soundness, merchantability, and fitness for any purpose or breeding soundness of any horse offered in this sale. The catalog and information in this auction process is provided by, and is the sole responsibility of the owner. It is also the owner's responsibility to make certain that only correct statements are made public before or while the horse is in the auction arena. Any catalog information that was procured by the Auctioneer from third parties on behalf of the owner is still nonetheless the sole responsibility of the owner to verify. The Auctioneer does not create, nor does it assume any responsibility or liability for errors or omissions in information in the sale catalog, or for any verbal statements regarding the horse while in the auction arena or at any other time during the auction process.

Pregnancy status of mares will be announced sale day. From this point on, buyer assumes all risk. Return privileges are not guaranteed, unless settled between buyer and seller. The right to No Sale the animal is reserved for all sellers.

Buyers attend the sale at their own risk. Weber & Company Performance Horse Sale employees and their consignors will not be held responsible for accidents to horses and people.

All owners and buyers agree to hold harmless and indemnify Weber & Company Performance Horse Sale, Rick and Missy Weber, Cherry County Fairgrounds and Fair board, and all other employees, agents, and persons involved on behalf of Weber & Company Performance Horse Sale in producing the sale, from and against any and all liability, debts, claims, suits, losses, causes of action, costs and expenses, including attorney fees arising from breach of contract, misrepresentation, fraud, or any other claim including personal injury, death, or property damage arising or growing out of any act, error, omission, or negligence of owner or buyer or any of their employees, agents or servants. It is further understood and agreed that Weber & Company Performance Horse Sale, Rick and Missy Weber, Cherry County Fairgrounds and Fair board, and all other employees, agents and persons involved on behalf of Weber & Company Performance Horse Sale, shall not be held responsible for any loss, damage or injury to any person, animal or property arising from or occurring during or in connection with the sale.

All horses sell sound unless otherwise stated in the auction ring. Owners will guarantee horses for soundness until 12:00 p.m. CT on Tuesday, September 16th, 2014. Weber & Company Performance Horse Sale will have a vet, and this vet will be the ONLY vet that can make soundness decisions in order to obtain refunds. Soundness will be based solely on, sight out of both eyes, good air, hit the ground on all fours and not to crib. Furthermore, this soundness guarantee will NOT apply to horses with problems arising after the sale by buyers hauling or use of the horse..

This colt's dam always produces exceptional offspring, and this baby is no exception. Rusty Kluender's outstanding calf roping mare, Tee Time, is a maternal sister, and no doubt this colt will be just as great, especially with that good Playgun breeding on the sire's side, and Sugar Bars on the dam's side.

Talk about a looker! You can't find fault anywhere in this filly. You could literally go any direction with her with all the run and cow bred into her. Brady Wakefield has a 3 y/o calf roping prospect out of this mare that is showing a lot of promise, and this filly should be just as good.

This cross has been a magic one. Jessie is a full sister to our late great stallion, HB (Handy Blue Tiger). Not sure how much more proven performance and run you can pack into one pedigree. This colt has eye appeal in his conformation and color. Last year's full brother went to Oregon to the Wegner Ranch.

All I see when I look at this filly is 'calf horse'. A person shouldn't be so narrow minded and profile a horse this way, but sometimes I just can't help it. The dam is a Figure Four bred mare and has strong maternal attributes. Last year's filly by Rocket is exceptional (Lot #12 ). I really wanted to keep her as a future replacement mare, but Rick tells me we can't keep them all.

'Buster' is out of an absolutely sweet cutting mare we got last year from Joe and Diane Finney. His sire is their nice Driftwood bred stud Cibecue Ike. This colt is quite a character. Not too much seems to bother him. His pedigree is packed with performance on both sides. That pretty bay coloring doesn't hurt anything either!

This sweet thing seems to have it all: color, conformation, breeding, and a pedigree to go along with it. She has one of the kindest eyes I've ever seen. She would be pretty enough to show at halter, yet athletic enough to rope on, and just the right size to run poles or goats. The good mix on her pedigree will take her any direction. Her maternal sister sells as Lot #9.

*We would like to thank Connie Bennet for the countless hours she spent doing ground work with all these yearlings, prepping them for the sale. She has a gift and the patience that not many people possess. Thanks, Connie!*

This filly has as perfect of a conformation as you could ask for, with the added benefit of color. She has a somewhat feminine look to her, but I have no reservations that she will grow up to be good boned and just the right size. She is so pretty it's hard to take your eyes off her. She would sure look good coming out of the roping box or running poles. She would excel in any speed event. Her maternal sister sells as Lot #6.

'Hemi' (not going to tell you what this is short for!) has a pedigree to die for. I bought his dam from Bobby Lewis a couple years ago. His sire is Dual Spark, cutting champion. Intentions were to keep him as a stallion prospect but I got impatient with his 'male' attitude so we remedied that problem. This horse needs to be a cutting horse, but would make an outstanding working cow horse prospect as well.

'Gunner' is always alert and has lots of energy. That alone will make him an exceptional arena horse. He will have speed and cow, and the smarts to go along with it. Reece's main riding mare is a sister to this horse's dam. We call her Notaone. He has not only extensively ranched on her, but she is a sweet heel horse and has helped him win a saddle and quite a bit of jackpot money. This horse will be just as good or better, with Watcher's breeding on the sire's side of the pedigree.

Whenever people come to our place to look at horses, this filly always catches their eye. Her mother is Figure Four bred and her sire is Rocket. Not sure how you can fault this one. She speaks for herself. There s nothing you couldn't accomplish on her. Wanted to keep her as a replacement mare later on but Rick won this argument....again. Maternal sister sells as Lot #4.

I'm not going to lie.....Reba was a handful at first, but she has a right to be. There's a lot of running blood on her dam's side, and I can assure you, after watching her run out in the pasture, flat, smooth, and fast, she is a barrel horse prospect for sure. Watcher's input in the pedigree has helped to even out her energy, and she has turned out to be quite a sweet filly. It's hard to take your eyes off how beautiful this filly is. Gorgeous head and conformation, and she has that racey look to her.

DELIGHTFUL MELODY

Just a nice all-around ranch gelding. I have done everything there is to do on the ranch on this horse, from pasture doctoring, dragging calves to fire, sorting, pairing out, and more. He works a gate real well and is very responsive to leg cues and pressure.

I have been using him all summer in the feed yard to ride pens. He watches a cow pretty good. He is easy to trim and catch, and quiet to handle.

*“When I Am An Old Horsewoman”*

*When I Am An Old Horsewoman  
I shall wear turquoise and diamonds  
And a straw hat that doesn't suit me,  
And I shall spend my social security on white wine and carrots,  
And sit in the alleyway of my barn  
And listen to my horses breathe.  
I will sneak out in the middle of a summer night  
And ride the old bay gelding  
Across the moonstruck meadow  
If my old bones will allow.  
And when people come to call, I will smile and nod  
As I walk past the gardens to the barn  
And show instead the flowers growing  
Inside stalls fresh-lined with straw.  
I will shovel and sweat and wear hay in my hair  
As if it were a jewel.  
And I will be an embarrassment to all  
Who will not yet have found the peace in being free,  
To have a horse as a best friend,  
A friend who waits at midnight hour  
With a muzzle and nicker and patient eyes  
For the kind of woman I will be  
When I am old.*

**THANK YOU FOR ATTENDING OUR 2014 SALE!  
SAFE TRAVELS ON THE ROAD THAT LEADS YOU HOME...**

*OF HORSES AND FRIENDS*

Thru centuries of history  
There's been a common force.  
How different our world would be  
If we hadn't had the horse.

They plowed the fertile valleys,  
Carried cowboys up the trail,  
Pursued the wild buffalo  
And delivered sacks of mail.

Carried thousands into battle,  
Pulled the wagons and the guns,  
And had no way of knowing  
If the fight was lost or won.

Their loyalty unquestioned  
They worked to do their best  
And all they asked for in return  
Was some feed and time to rest.

Some had no special talent  
No record to defend  
But still they filled a mighty void  
An ever present friend.

My life would be much different,  
Had I chose another course  
I've met and made so many friends,  
Just because they had a horse.

As sunset years pursue me  
May I climb the golden stairs  
And hope the Master Planner  
Thought to put some ponies there.

This is a real nice mare that is user friendly and gentle for the whole family. She has been used on the ranch to sort, gather, and brand. She rides off straight with no vices. She could easily go on to be a heel or breakaway horse with a little amount of time.

Twelve year-old finished heel horse that will be hard to part with. At 14-3 and about 1050 #'s, he runs smooth and has a lot of speed. We have also used him as a head horse and to breakaway on. He is honest and very athletic. This horse pays attention, and notices his surroundings. Just a real nice arena horse.
